Subject: THANK YOU!

Hi Everyone.

Just wanted to say thank you for a great FY 2018. So, honored to be in this group – truly appreciate all your hard work and dedication with Site Assessment. What an amazing first year we've had and thank you for everyone's contribution to the 3HS12 milestones:

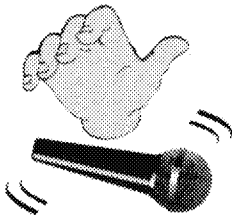

Nonresponsive based on revised scope

- Blades GW PFAS Contamination - Connors research at the Blades, DE site discovered the presence of PFAS contamination in drinking water & led to immediate response actions to ensure residents were provided safe drinking water.

Nonresponsive based on revised scope

You guys are A-W-E-S-O-M-E !!!

BOOM.

Looking forward to the FY 2019!

Yaz
